

SATSUMA WATER AND SEWER DEPARTMENT

POOLS: SEWER CREDIT ADJUSTMENT

A pool credit will be considered to the sewer bill for pools larger than 12,000 gallons for the following reasons: filling of NEW swimming pool, replacement of liner, or repairing pool leak. In order to receive a credit, documentation in the form of an invoice or contract for the construction of a new pool must be delivered to SWSB's principle office. Total pool size and water capacity must be included on the invoice. There are no credits given for any other reason except those listed above. Credits will only be issued for the Sewer portion of the bill.
